Printing Date: 2005-Sep-29

Printing Date: Reviewed on

Product Name: BD Vacutainer® Brand Tube with Tripotassium EDTA

1 Identification of substance:

- **Product Details:**

MSDS Number: VS60312-05

Issue Date: September 28, 2005

Supersedes: January 26, 2000

ECO No.: ECO36214

- **Product Name:** BD Vacutainer® Brand Tube with Tripotassium EDTA

- **Catalog Numbers:** 364300, 366385, 366401, 366450, 366452, 366454, 366457, 366458, 366535, 366536, 366545, 366564, 367650, 367653, 367658, 367661, 367662, 367665, 367669, 369651
Discontinued: 006458, 006564, 360005, 360041, 362005, 366350, 366352, 366405, 366437, 367660, 367857, 367858, 368022, 368023, 368024, 368025, 368121, 368127

- **Manufacturer/Supplier:**

BD Diagnostics, Preanalytical Systems

1 Becton Drive

Franklin Lakes, NJ, 07417-1885

- **Information Department:**

BD Diagnostics, Preanalytical Systems Technical Service, (800) 631-0174

- **Emergency Information:**

In case of a chemical emergency, spill, fire, exposure, or accident contact ChemTrec at (800) 424-9300

2 Composition/Data on components:

- **Description:**

Chemical name: Tripotassium EDTA

Synonyms: Ethylenediaminetetraacetic acid, tripotassium salt dehydrate; Edathamil;

EDTA Tripotassium salt; Tripotassium ethylenediaminetetraacetate Dihydrate

- **CAS No.:** 65501-24-8

- **Quantity:** 4.0 – 33 mg

- **Exposure limits:** N/A

3 Hazards identification:

- **Hazard description:**

EU: This product contains no hazardous constituents, or the concentration of all chemical constituents are below the regulatory threshold limits described by European Directive 91/155/EEC, and 93/112/EC.

U.S.: May cause eye and skin irritation. May cause irritation to mucous membranes or upper respiratory tract. May cause irritation to throat, esophagus, or stomach. Avoid generating dust or dust accumulation.

- **Classification system:** The classification is according to the latest editions of the EU- list, and extended by company and literature data.

- **Acute Exposure Effects:**

Eyes: May cause eye irritation.

Skin: May cause skin irritation.

Inhalation: May cause irritation to mucous membranes or upper respiratory tract.

Ingestion: May cause irritation to throat, esophagus, or stomach.

Product Name: BD Vacutainer® Brand Tube with Tripotassium EDTA**Repeated Exposure Effects:**

Eyes: None identified.

Skin: None identified.

Inhalation: None identified.

Ingestion: None identified.

Primary Route of Entry: Eyes, skin, inhalation and ingestion.**Medical conditions which might be aggravated:** None identified• **NFPA ratings (scale 0-4):**

Health = 1

Fire = 1

Reactivity = 0

Specific Hazard = 0

• **HMIS ratings (scale 0-4):**

Health = 1

Flammability = 1

Reactivity = 0

Special = 0

4 First aid measures:• **General information:****After inhalation:** Remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen. Consult a doctor.**After skin contact:** Immediately flush skin with plenty of soap and water for at least 15 minutes. Consult a doctor if irritation develops.**After eye contact:** Immediately flush with plenty of water for at least 15 minutes. If symptoms persist, consult a doctor.**After Swallowing:** Immediately give water to dilute. Get medical attention.**Information for doctor:** Show this label**5 Fire fighting measures:**

- **Suitable extinguishing agents:** Water spray, carbon dioxide, dry chemical or foam.
- **Protective equipment:** Firefighters should wear self-contained breathing apparatus and proper protective equipment to prevent contact with skin and eyes.

6 Accidental release measures:

- **Person-related safety precautions:** Avoid overexposure. Wear suitable protective clothing, including NIOSH/MSHA-approved respirator.
- **Measures for environmental protection:** No special measures required.
- **Measures for cleaning/collecting:** Sweep up into appropriate container and hold for disposal. Avoid raising dust. Ventilate area and flush with water.

Material Safety Data Sheet

acc. to ISO/DIS 11014

Printing Date: 2005-Sep-29

Printing Date: Reviewed on

Product Name: BD Vacutainer® Brand Tube with Tripotassium EDTA

- **Additional information:** See Section 7 for information on safe handling
See Section 8 for information on personal protection equipment
See Section 13 for information on disposal

7 Handling and storage:

- **Handling:**
Information for safe handling: Keep container tightly closed. Suitable for any general chemical storage area.
Information about protection against explosions and fires: Avoid contact with incompatible material such as strong oxidizing agents. Minimize dust generation and accumulation.
- **Storage:**
Requirements to be met by storerooms and receptacles: Keep container tightly closed.
Information about storage in one common storage facility: Suitable for any general chemical storage area.
Further information about storage conditions: None

8 Exposure controls and personal protection:

- **Additional information about design of technical systems:** Mechanical exhaust required.
- **Components with limit values that require monitoring at the workplace:** N/A
- **Additional information:** N/A
- **Personal Protective Equipment:**
General protective and hygienic measures: Wash thoroughly after handling. Remove contaminated clothing and wash before reuse. Avoid contact with eyes, skin, and clothing. Avoid ingestion and inhalation. Use with adequate ventilation.
Breathing equipment: NIOSH/MSHA-approved respirator.
Protection of hands: Use chemical-resistant gloves.
Eye protection: Use chemical safety goggles.
Body protection: Wear appropriate protective clothing to prevent skin exposure.
Other Protective Equipment: Eye bath, safety shower, and aprons.

09 Physical and chemical properties:

- **General Information:**
Form: Solid (Crystals or Crystalline powder)
Color: White
Odor: Odorless
- **Change in condition:**
Melting point/Melting range: Not available
Boiling point/Boiling range: Not available

Product Name: BD Vacutainer® Brand Tube with Tripotassium EDTA

- **Flash point:** Not available
- **Flammability (solid, gaseous):** Not available
- **Danger of explosion:** Product does not present an explosion hazard under normal conditions of use.
- **Vapor pressure:** Not available
- **Density:** Not available
- **Solubility in/Miscibility w/H₂O:** 100%
- **Solubility in other solvents:** Not available
- **pH-value:** Not available
- **Organic solvents:** Not available
- **Specific gravity:** Not available

10 Stability and reactivity:

- **Thermal decomposition / conditions to be avoided:** Avoid generation and accumulation of dusts.
- **Materials to be avoided:** Strong oxidizing agents.
- **Dangerous reactions:** Stable; No dangerous reactions known.
- **Dangerous products of decomposition:** Oxides of nitrogen, carbon monoxide, carbon dioxide

11 Toxicological information:

- **Acute toxicity:**
Eyes: May cause eye irritation.
Skin: May cause skin irritation.
Inhalation: May cause irritation to mucous membranes or upper respiratory tract.
Ingestion: May cause irritation to throat, esophagus, or stomach.
- **Primary irritant effect:**
On the skin: Not established
On the eye: Not established
- **Sensitization:** Not established
- **Additional toxicological information:** Does not contain more than 0.1% by weight of a material listed as a potential carcinogen by NTP, IARC, or OSHA.

12 Ecological information:

- **Ecotoxicological effects:** No data is available on the adverse effects of this material on the environment. Neither COD nor BOD data are available.
- **Other information:** N/A
- **General notes:** N/A

13 Disposal considerations:

- **Product:**

Recommendation

Disposal should be done in accordance with local, state and federal regulations.

Disposal must be made according to the regulations found in 40 CFR 261.

This product is not a RCRA hazardous waste.

- **Uncleaned packagings:**

Recommendation

Disposal should be done in accordance with local, state and federal regulations.

Disposal must be made according to the regulations found in 40 CFR 261.

This product is not a RCRA hazardous waste.

Recommended cleansing agent

Water, if necessary with cleansing agents

- **General notes:** N/A

14 Transport information:

- **DOT regulations:** Non-regulated
- **Land transport ADR/RID (cross-border):** Non-regulated
- **Maritime transport IMDG:** Non-regulated
- **Air transport ICAO-TI and IATA-DGR:** Non-regulated

15 Regulations:

- **SARA Section 355 (extremely hazardous substances):** Substance not listed
- **SARA Section 302 (extremely hazardous substances):** Substance not listed
- **Section 313 (specific toxic chemical listings):** Substance not listed
- **SARA Section 304 (Reportable Quantity (RQ) under CERCLA):** None
- **TSCA (Toxic Substances Control Act) Inventory:** Substance not listed
- **California Proposition 65 – Chemicals Known to Cause Cancer:** Substance not listed
- **California Proposition 65 – Chemicals Known to Cause Reproductive Toxicity:** Substance not listed
- **Carcinogenicity categories**
 - IARC (International Agency for Research on Cancer):** Substance not listed
 - NTP (National Toxicology Program):** Substance not listed
 - TLV (Threshold Limit Value established by ACGIH):** Substance not listed
 - MAK (German Maximum Workplace Concentration):** Not available
- **Product related hazard information:** No additional information.
- **National regulations:** The additive has not been classified as hazardous under the Chemicals (Hazard Information and Packaging) Regulations.
- **Water hazard class:** Not assigned
